DATA CENTER SOLUTIONS

Wire Mesh Partitions

**CENTRAL WIRE & IRON**

Premium Security

Enhance your data center security effortlessly with our cutting-edge wire mesh partition systems. Our solutions promise not only robust protection but also convenience and efficiency at every step of the process.

On-site Installation Support

Universal Fit Panel Design

Openings are designed with the installer in mind to reduce the number of unique panel sizes and styles for streamlined, time-saving installation
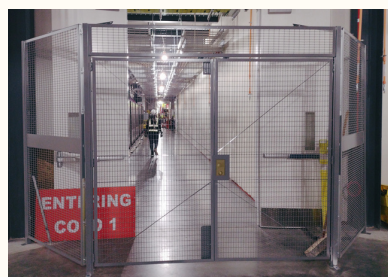

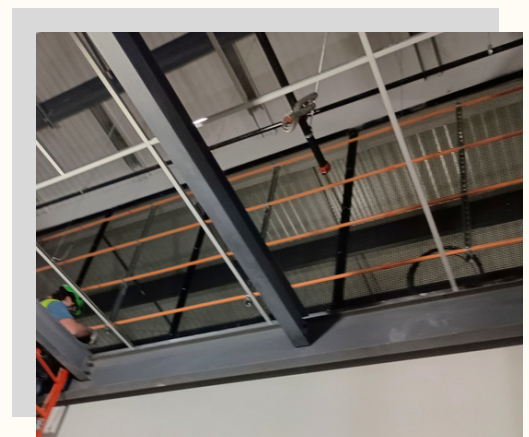

Just In Time (JIT) Shipping

We package and ship to meet the on-site installation timelines, not a bulk shipment that needs sorted and stored.

Agile Engineering

Our full-service manufacturing facility allows us to quickly respond to design changes or updates.
